

# ENERGY

**FALL  
MEETING**  
OCTOBER 15,  
2010

9:00 AM -  
3:00 PM

## Appleton Papers

West Carrollton, Ohio

Ohio TAPPI presents a technical seminar on Energy Management in the paper industry

Not only is the paper industry capital intensive, it is also energy intensive. What are the opportunities for mills, now and in the future, relating to management and reduction of energy use? Or even new revenue streams?

After a VERY successful spring meeting of the local section of Ohio TAPPI, our follow-up meeting will be held at **Appleton Papers** on Friday October 15th covering the general topic of energy. This was in response to initial polling of area mills as to what kind of information they wanted from Ohio TAPPI. Energy costs are very

volatile and regulations seem to be a moving target. We have brought together a program to help you form your own strategies that will prepare your operations for the future and maintain competitiveness.

Appleton has graciously agreed to host the meeting, and admission is \$25 for TAPPI members who pre-register by emailing [stephen.stewart@johnsonfoils.com](mailto:stephen.stewart@johnsonfoils.com) before October 1st, which also guarantees you a lunch - admission will be \$40 at the door. For non-TAPPI members, the meeting fees are \$50. As always, students are free. A tour of Appleton's operations will also be included in the program.

Besides the technical sessions and networking, you will also hear brief commercial breaks on energy solutions and services from our sponsors listed below. We look forward to seeing you there!

**Seating is limited - register early!**

### Technical Program

- 9:00 AM - Opening Remarks
- 9:20 AM - Sponsor
- 9:30 AM - Smart Paper's Co-Generation project - Dan Maheu, COO
- 10:30 AM - Break
- 10:50 AM - Sponsor
- 11:00 AM - Energy reduction strategies for paper manufacturing - Dick Reese, TAPPI Fellow
- 12:00 PM - Lunch
- 1:00 PM - Sponsor
- 1:10 PM - Mill Tour
- 1:50 PM - Sponsor
- 2:00 PM - U.S. Department of Energy (DOE) opportunities and incentives
